

# BRIMFIELD FIRE DEPARTMENT'S SENIOR LUNCHEON A HUGE SUCCESS!

Brimfield Township's Fire Department held its annual Senior Luncheon on Wednesday, Sept. 14 and in spite of the rain, had a record turn-out for this great event!

The Record-Courier published a great article and had wonderful photos of the luncheon. If you have not read or seen the article, feel free to contact me for a copy. Our thanks to Kelly Maile and the RC for their excellent coverage of this event.

I'm including the photos taken by RC photographer Lisa Scalfaro (those are the good photos!) and a few I took as well.

We are so pleased that you, the residents, enjoy this event and make the effort to attend each year, supplying the crowd with such delicious food, not to mention your wonderful friendship!

Of course, the Fire Department couldn't do it without the donations and support from local businesses and vendors.

Thank you all for supporting our firefighters/paramedics! All the firefighters work so hard to prepare and host this event, but I must acknowledge FF Matt Naylor who took charge of handling the details and thanks also to Chief Mullay and all of our finest Firefighters/Paramedics:
